

SOUTH KINGSTOWN SCHOOL DISTRICT FACILITIES IMPROVEMENT PROGRAM

SAFE, SECURE & HEALTHY SCHOOLS PROJECT

Student and staff safety are of the highest importance to ensure an environment that cultivates learning and growth. In order to provide safety precautions for our schools, we have determined that security upgrades were needed at a number of our schools. The project includes front door vestibule hardening and upgraded security systems at South Kingstown High School, Broad Rock Middle School, Peace Dale Elementary School, Wakefield Elementary School, West Kingstown Elementary School and Matunuck Elementary School.

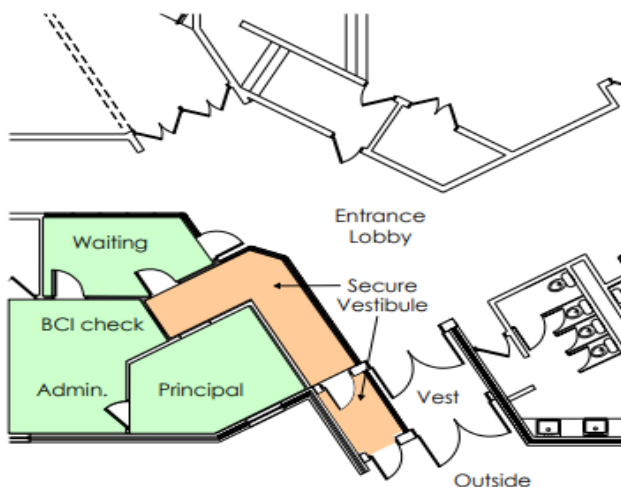

WEST KINGSTON ELEMENTARY SCHOOL VESTIBULE *anticipated completion FALL 2019*

Security Design Elements

- Administration area redesign
- Reworking of security systems
- Bulletproof entrance (level 3)
- Security film all interior glass at entry
- BCI check area

Project Goals

- Increase student and staff safety by creating a single secure entry point.
- Integration and repositioning of existing cameras to reinforce security at secure entrance
- The projects will done during the fall 2019, with emphasis on making sure that there will be minimal impact to school operations.
- Additional information is available on the School Department website at www.skschools.net.
