

INTEROFFICE MEMO

SOUTH KINGSTOWN PUBLIC SCHOOLS MEMORANDUM

DATE: FEBRUARY 4, 2009
TO: SCHOOL COMMITTEE
FROM: ROBERT HICKS
RE: 2009-2010 SCHOOL DEPARTMENT BUDGET

Adopted by the School Committee on February 10, 2009

I recommend to the School Committee adoption of a revenue and expense budget for the period beginning July 1, 2009 through June 30, 2010 in the amount of \$60,594,900. This is a net \$653,408 less that was originally presented to you in January (see table at bottom). While there are still numerous uncertainties and we clearly have miles to go regarding this budget, there are components I bring to your attention.

1. This budget recommendation does not include the consolidation of our middle schools or any of the other reconfiguration options analyzed. Given the cuts below, the value of the middle school consolidation is reduced to under \$500,000, since some items are ones that would have been achieved in the consolidation. As was discussed at the budget workshop, the eventual need to consolidate middle schools appears certain in the current fiscal environment, and may even be necessary this year depending on available revenue. However, the potential to postpone the consolidation is recommended at this funding level for two reasons.
 - a. It provides a year to design program, schedule, and staffing in a thoughtful, planned manner with adequate time for community input and option consideration.
 - b. There is no indication that the budget environment will be any better for the 2010-2011 budget and middle school consolidation provides an identified savings in that fiscal year.
2. The budget still carries an effective 20% increase in health care working rates. While we anticipate a lower, perhaps much lower, final rate, we will not receive a reliable working rate until March 1. Our adopted budget and the requested appropriation from the town would be reduced without program impact based on the rate received.
3. The revenue budget relies on state aid in the amount of \$10,388,765, or our current aid with the reduction of Article 31 in the amount of \$159,933.
4. The budget does not include any mandate or other similar savings as proposed by the Governor, but not yet enacted. Examples include our scheduled inclusion in a statewide out-of-district transportation system that promises to produce yet unspecified savings and the potential elimination of mandated bus monitors that if acted upon locally would save \$270,135.

INTEROFFICE MEMO

5. The budget does not include any federal stimulus funds in the anticipation they would be offset by state aid reductions. In fact, if there is no federal stimulus, we should anticipate a state aid reduction and have to revisit the budget. In the House passed stimulus package it is reported that states are required to fund schools at 2006 levels to access the aid. Should we receive our 2006 state aid plus the federal stimulus, we would receive \$10,466,616, a slight increase over budget (table below). That, however, remains speculative.

State Aid FY 2006	\$9,948,816
Proposed Federal Stimulus	517,800
Total	\$10,466,616

6. The budget continues to request a 2% increase in the Property Tax Appropriation from the Town. At the last meeting between the town and school officials there was significant skepticism as to whether this was feasible. As mentioned above, health care provides a potential offset to the increase and on March 1 we will know better where we stand. This will be an item of ongoing discussion.
7. The below listed reductions are made to the budget presented in January. It should be noted that this list does not include reductions to supplies, textbooks, or technology. While such cuts were envisioned, alternatives were found in light of the strong priority of these items in the community survey. This, however, will require re-visitation in face of additional reductions.

REDUCTION	AMOUNT	NOTE
Special Education tuition	75,000	An experience reduction in out of district tuitions
Medicaid revenue loss	(25,000)	Lost Medicaid revenue offsetting tuitions
Contract Services	30,000	Anticipated reduction in reading tutorials
Two (2) High School teachers	120,000	Contraction of high school course sections
Athletic Trainer	35,000	Position elimination with limited contract services
Middle School UA Teacher*	60,000	Sharing of orchestra position between schools
Middle School Special Needs Teacher*	60,000	Sharing of teacher between schools (.5 FTE each)
Two (2) Middle School TA's*	50,000	One teaching assistant from each school
PDES Grade 4/5 split	30,000	Creating split class, saving 0.5 FTE
Elementary Reading Position	60,000	Eliminating one support position
Matunuck Special Needs Position	60,000	Eliminating one teaching position
Miscellaneous Reductions	73,408	Numerous, smaller reductions to lines
TOTAL REDUCTIONS	653,408	

* = Items will discount savings from middle school consolidation
